

## 2008, 2009, and 2010 ESCAMBIA AND SANTA ROSA COUNTY FLORIDA COMPREHENSIVE APTITUDE TEST SCORES

The table below provides School performance data for FCAT Reading, Mathematics, Writing and Science. Students that score Achievement Level 3 and above in Reading, Mathematics or Science are considered on grade level, proficient, or advanced. For the FCAT Writing essay, the table provides the percent scoring 3.5 and above for the years 2002-2009, and the percent of students scoring 3.0 and above for 2010. Students that score 3.0 and above on the essay are considered to have met state standards for purposes of adequate yearly progress (AYP). While the Department and other experts have certified the validity of the 2010 FCAT Writing results, comparisons to previous years' writing scores should be avoided. This caution is given for two reasons. First, in 2010, each essay was scored by one rater. In previous years, two raters were used and the scores were averaged. A student could have received a half-point score, such as 4.5, whereas in 2010 no half-point scores are possible. Second, in 2010, each student within the same grade level was required to write an essay using the same mode of writing (narrative, expository, or persuasive). In previous years, there were two modes assessed at each grade level with half of the students responding to each mode. For example, the 2010 Grade 4 FCAT Writing required all students to write a narrative essay. In 2009, half of the students wrote a narrative essay, and half of the students were required to write an expository essay.
